

Home Equity Line of Credit

THE
Village Bank™

IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT

This disclosure contains important information about our Home Equity Line of Credit. You should read it carefully and keep a copy for your records.

Availability of Terms – All of the terms disclosed below are subject to change. If these terms change (other than the **annual percentage rate**) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you have paid to us or anyone else in connection with your application.

Security Interest – We will take a mortgage on your home. You could lose your home if you do not meet the obligations in your agreement with us.

Possible Actions – Under certain circumstances, we can (1) terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees; (2) refuse to make additional extensions of credit; (3) reduce your credit limit, and (4) as specified in the initial agreement, implement certain changes in the plan. If you ask, we will give you more specific information concerning when we can take these actions.

Minimum Payment Requirements – You can obtain advances of credit for **10 (ten)** years (the “draw period”). During the draw period, payments will be due monthly. Your minimum monthly payment will equal all accrued interest as of the closing date of the billing cycle, provided the payment shall not be less than **\$100.00**, plus any amounts past due. **Note:** your minimum monthly payment during the draw period may not reduce the amount of principal outstanding on this line of credit. After the draw period ends, you will no longer be able to obtain credit advances and must pay the outstanding balance over **10 (ten)** years (the “repayment period”). Payments will be due monthly. Your minimum payment will equal **1/120th** of the principal balance that was outstanding at the end of the draw period, plus the **finance charges** that have accrued on the remaining balance, however, in no event shall the principal and interest payment be less than **\$100.00** monthly. Your payment will vary as the Prime Rate varies.

Prime -0.50 Program

Minimum Payment Example - If you made only the minimum monthly payments and took no other credit advances, it would take **9 years** and **8 months** to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of **3.0%**. During that period, you would make **115** monthly payments of **\$100.00*****, followed by **1** payment of **\$22.28**.

Prime Only Program

Minimum Payment Example - If you made only the minimum monthly payments and took no other credit advances, it would take **9 years** and **11 months** to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of **3.50%**. During that period, you make **118** monthly payments of **\$100.00*****, followed by **1** payment of **\$41.13**.

Prime +0.50 Program

Minimum Payment Example - If you made only the minimum monthly payments and took no other credit advances, it would take **10 years** and **2 months** to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of **4.00%**. During that period, you make **120** monthly payments of **\$100.00*****, followed by **1** payment of **\$100.00** and **1** payment of **\$85.10**.

Fees and Charges – Third Party Fees to Open the Account. In order to open, use, or maintain your account, you may have to pay certain fees to third parties in connection with opening the account. These fees generally range between \$0.00 and \$3,000.00, depending upon the line amount, how the property is titled, and property location. Upon request or within three business days from date you submit your application, we will provide you with an itemization of the fees that you will have to pay to third parties. If you ask, we will give you an itemization of the fees you will have to pay to third parties.

- Applications for loan amount to \$500,000, The Village Bank may pay third party fees (no fees charged to customers);
- Applications with loan amount over \$500,000, the customers will be responsible for **all** fees.

Processing Fee – We may charge a Processing Fee of \$100.00.

Early Termination Fee – If you close your Account and request a discharge of the mortgage within 3 years after the date the Agreement is signed, we may request an early termination fee of \$500 to reimburse us for certain third-party charges we incurred on your behalf in connection with this line. Examples of such charges include property valuation fees, title charges, credit report fees and recording fees.

Late Charge – The Borrower shall pay a late charge equal to ten percent (10%) of the outstanding payment or ten dollars (\$10.00), whichever is less, in the event any installment of principal and/or interest is not paid within fifteen (15) days of the due date.

Property Insurance – You must carry insurance on the property that secures this line of credit.

Minimum Draw Requirements – None.

Tax Deductibility – You should consult a tax advisor regarding the deductibility of interest and charges for the line.

Variable Rate Information – The line has a variable-rate feature, and the **annual percentage rate** (corresponding to the periodic rate) and the minimum payment can change as a result. The **annual percentage rate** includes only interest and no other costs. The **annual percentage rate** is based on the value of an index. The index is the Prime Rate published in the Money Rates section of The Wall Street Journal (if more than one Prime Rate is published, the higher rate shall be used), as most recently published on the last business day of the prior monthly billing cycle. Ask us for the current index value, margin, discount or premium if applicable and **annual percentage rate**. After you open a credit line, rate information will be provided on periodic statements that we send you.

Rate Changes – The **annual percentage rate** can change at the beginning of each monthly billing cycle. The maximum **ANNUAL PERCENTAGE RATE** that can apply is **18.0%**. **Rate Floor** – The minimum **ANNUAL PERCENTAGE RATE** will be **3.0%**. Other than as disclosed in this paragraph, there are no annual or more frequent periodic limitations on changes in the **ANNUAL PERCENTAGE RATE**.

Maximum Rate and Payment Examples – If you had an outstanding balance of \$10,000 during the draw period, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** of **18.0%** would be **\$152.88**. This **annual percentage rate** could be reached during the **1st** month of the draw period. If you had an outstanding balance of \$10,000 at the beginning of the repayment period, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** of **18.0%** would be **\$236.21**. This **annual percentage rate** could be reached at the start of the **1st** month of the repayment period.

Historic Example – The following table shows how the **annual percentage rate** and the minimum monthly payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from the last business day in the Index month of each year. While only one payment amount per year is shown, payments would have varied during each year. The table assumes that no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.
